

Yuliyán Andreev

IT Specialist

Profile

Honest person with strong working ethic and a developed sense of empathy, which allows me to establish deep connection with people around me.

Work Experience

○ Apr 2025 – June 2025

Multivac

Assembler Electronic Devices

○ Jan 2023 – Jun 2024

CT Interactive

Integration Manager and Support

- Onboard, test, and support API integrations, ensuring seamless and secure communication between systems.
- Gather, analyze, and document technical requirements for integration projects.
- Collaborate closely with cross-functional teams, including product management, engineering, and customer support, to understand integration requirements and deliver optimal solutions.
- Act as the main point of contact for internal stakeholders and external partners, ensuring clear and effective communication.
- Lead the end-to-end integration process, from gathering client requirements to troubleshooting and resolving integration-related issues.
- Conduct thorough testing and quality assurance checks to ensure the integrity and reliability of integrations.
- Provide technical expertise and guidance to clients and internal stakeholders throughout the integration lifecycle.
- Monitor project progress, identify potential issues, and implement solutions to keep projects on track.
